

**A change of environment.
A change of pace.
A chance to thrive.**

Job Corps 101

- **FREE** to eligible young people
- A different kind of learning environment to help students thrive
- Hands-on training, employability skills and industry-recognized credentials
- Opportunities for personal growth and leadership through extracurricular activities like SGA and sports
- Post-graduation support in finding a job, higher education and a place to live

Not all students follow the same path. Some need different options.

At Job Corps, students gain the knowledge, skills and credentials to start meaningful careers. All alongside a community that supports them. And the best part? **It's all free.**

When students turn to you for guidance, turn to Job Corps.

Job Corps students:

Learn and train hands-on

Students gain skills to start a career. We work with accredited diploma programs to help students finish their high school education, self-paced with their instructors' guidance. Or if they already have their diploma, they jump right into academic classes and hands-on career training.

Live with a strong support system

We provide students with the essentials—housing, meals, basic medical care and a biweekly allowance—so that they can focus on learning.

Thrive by connecting to employers and community

Thanks to our partnerships with employers and local colleges, we help connect our graduates to the next step. Whether that's a job, an apprenticeship or higher education.

Did you know?

Many students even complete employer internships or earn college credit hours while enrolled at Job Corps, putting them a step ahead when they graduate.
