

WELCOME TO EDUCATION FOR CHILDREN AND YOUTH EXPERIENCING HOMELESSNESS (ECYEH)

A main goal of Educating Children and Youth Experiencing Homelessness

(ECYEH) is: to ensure that all children and youth experiencing homelessness enroll, participate, and have the opportunity to succeed in school; ensure children and youth experiencing homelessness receive a free and appropriate public education on an equal basis with all other children in the state; and eliminate and/or reduce educational barriers through the use of local "best practices" and the authorized activities of the McKinney-Vento Homeless Education Assistance Act.

PROGRAM OBJECTIVES:

- reduce the disruption in the educational lives of children and youth experiencing homelessness
- increase awareness about the nature and extent of the problems children and youth experiencing homelessness have enrolling in and gaining access to educational programs and services; explain laws and policies already in place, which overcome these barriers
- build on laws and policies already in place, which overcome these barriers
- build the capacity of others to assist identifying, enrolling, and ensuring the educational success of homeless children and youth
- provide opportunities to collaborate with other statewide initiatives such as special education, Response to Instruction and Intervention (RTII), Early Childhood, and Title I to improve academic achievement
